

When the date can't move.

Execute under pressure. At scale. Without failure.

Los Angeles • Las Vegas • Orlando

Who We Are

A national execution partner.

APX Print Group (APX PG) is a large-scale event graphics and environmental branding partner specializing in venue graphics, experiential environments, sponsor activations, tradeshow installations, and large-format print production.

We provide turnkey execution including **fabrication, printing, fulfillment, logistics, and installation** for high-profile live events, sports properties, retail activations, and branded spaces nationwide.

Production hubs in **Southern California, Las Vegas, and Orlando** support rapid deployment, large-scale rollouts, and complex event environments.

By The Numbers

The scale we operate at.

10+ Years

Supporting major live events, retail, and experiential programs nationwide.

84+ Events A Year

Live event productions delivered annually as Insomniac's exclusive print partner.

1,400 Stores

Retail locations supported through our EssilorLuxottica partnership.

3-4 Rollouts A Week

National campaign rollouts executed every week, with kitting and fulfillment.

The Reality

Events don't get a **second chance.**

Gates open. The whistle blows. The lights come up.

Everything has to be there. Printed, fabricated, installed, perfect.

Production failure isn't inconvenient. It's career damage for your client, missed sponsor commitments, and revenue at the gate. **APX is built so that doesn't happen.**

Why APX

Built for **pressure.**

End-to-end execution. In-house, in three markets, on one accountable team.

1 Built In House

No outsourcing.
No vendor chain.
Full control of quality, timelines, and execution under our roof.

2 Built To Scale

Thousands of graphics, hundreds of versions, single venue or national rollout. Volume doesn't slow us down.

3 Built To Deliver

Print, fabrication, fulfillment, and installation. One team. One point of accountability.

Faster timelines. Fewer variables. Better outcomes.

Flagship Partnership

Exclusive print production partner for **Insomniac Holdings, LLC.**

A Live Nation Entertainment company.

84+

Events

Approximately 84 productions delivered annually, nationwide.

9,000+

Graphics / 10 Days

Single-event capacity: 400 variations on a 10-day window.

Includes:

EDC Las Vegas • EDC Orlando • Beyond Wonderland • Escape Halloween • Nocturnal Wonderland
Countdown NYE • Additional Insomniac festival and touring properties nationwide

Insomniac / Scope Of Work

Comprehensive branding for every event environment.

Venue & Environmental

Venue branding and environmental graphics Large-format banners and mesh graphics Wayfinding and directional signage Window, wall, and floor graphics

Fabric & Activation

Fabric graphics and SEG systems Backlit displays and custom fabricated elements Sponsor activation graphics Barricade and fencing graphics

Production & Logistics

Installation-ready production Logistics coordination Color-calibrated print On-site delivery and overlay support

When the festival opens, the graphics are up. Every time.

In-house Installation Division

Our own crews. Our own trucks.

Dedicated in-house installation teams capable of supporting on-site graphic installation and structural event infrastructure.

Large-scale event installations

Stadium and venue graphics deployment

Structural banner and tension fabric installations

Rigging coordination and elevated installations

Overnight and rapid-turn installations

Strike and post-event removal services

Multi-crew deployment for large venue environments

Event overlay and temporary infrastructure support

Enterprise Retail Credibility

1 of only 4 approved partners.

APX is one of four primary approved print production partners supporting EssilorLuxottica (Sunglass Hut, Oakley, LensCrafters).

1,400

Store Locations

Eyewear and retail brands supported across the U.S.

3-4

National Rollouts / Wk

Production, kitting, fulfillment, and shipping.

Scope Of Work:

Weekly campaign production • Multi-brand retail graphics programs • Window and in-store graphics
• Nationwide kitting and fulfillment • Retail rollout logistics • Store-specific distribution management

Where We Show Up

Built for the moments **the cameras don't miss.**

Festivals & Live Music

Stage environments, gates, fan zones, wayfinding, artist hospitality, vendor and bar graphics, brand activations.

Stadiums & Arenas

Concourse branding, ribbon and tunnel graphics, locker rooms, suite interiors, ticket office and gate environments.

Motorsports & Outdoor

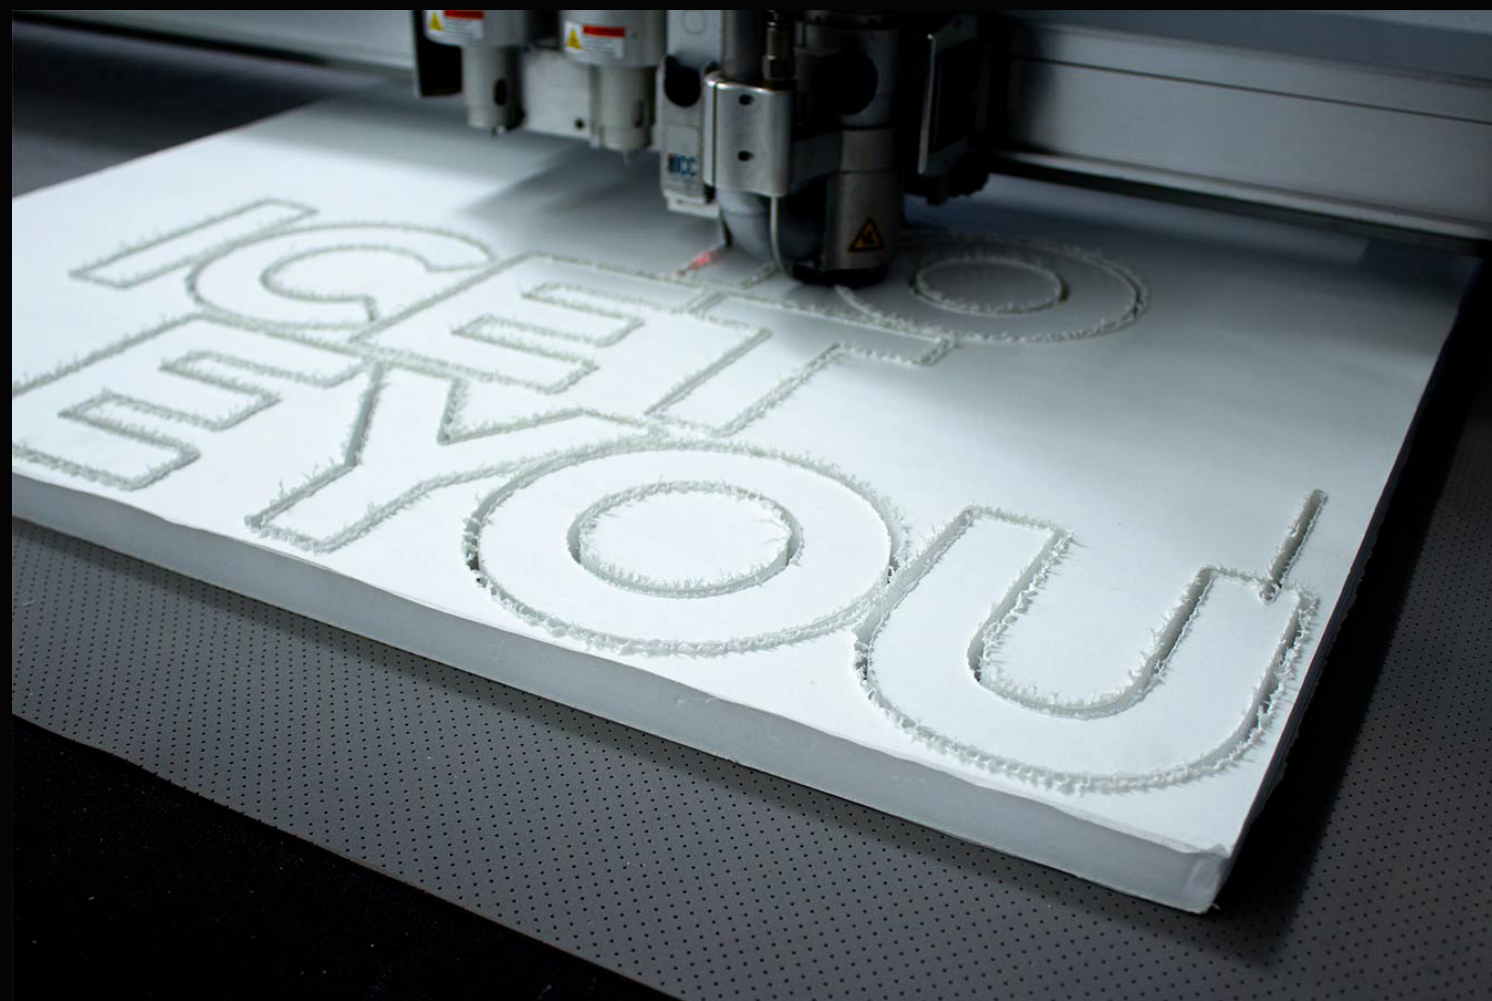

Gate signage, garage and pit branding, hospitality builds, trophy displays, suite and grandstand environments.

Sponsor Activations

Step-and-repeats, dimensional sponsor builds, fan-zone experiences, pop-ups, hospitality suites, on-site environments.

Every surface, every format.

Production across vinyl, fabric, rigid substrates, SEG, dimensional builds, and architectural environments.

Large Format, Done Right

Built for visibility, durability, and real world performance.

Building wraps • Retail signage • Environmental graphics

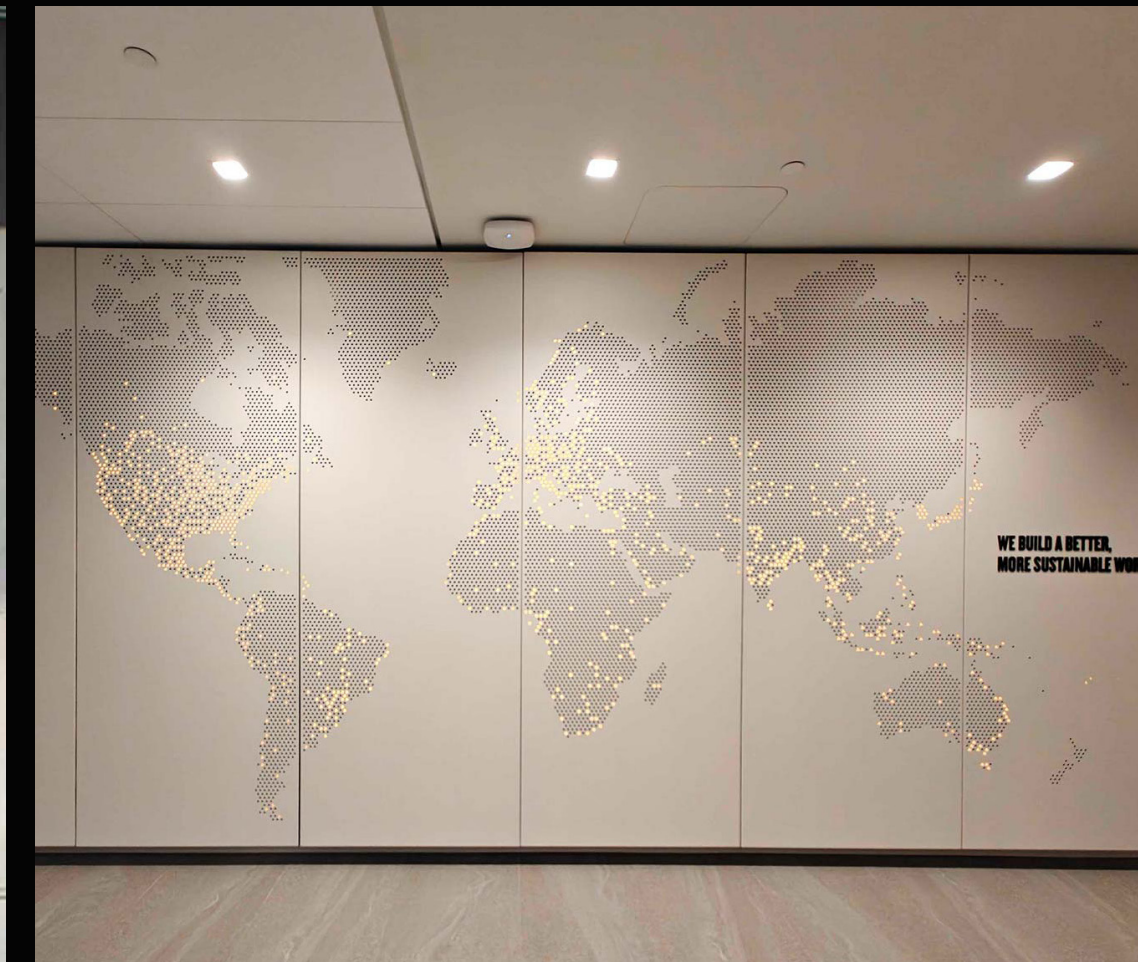

Fabric Displays, Done Right

Lightweight, high impact solutions built for portability and scale.

Backlit displays • Tension fabric systems • Flags • Event graphics

Custom Builds, Done Right

Mixed media builds designed for real environments.

Dimensional signage • Branded structures • Routed elements • Mixed materials

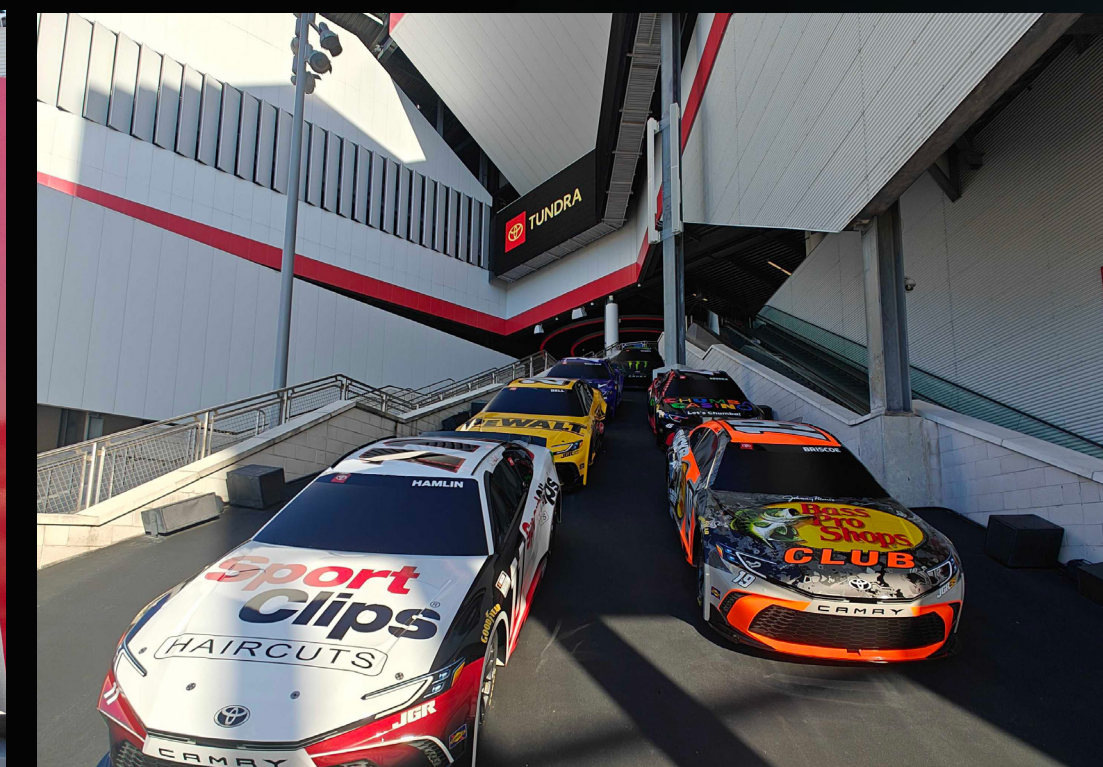

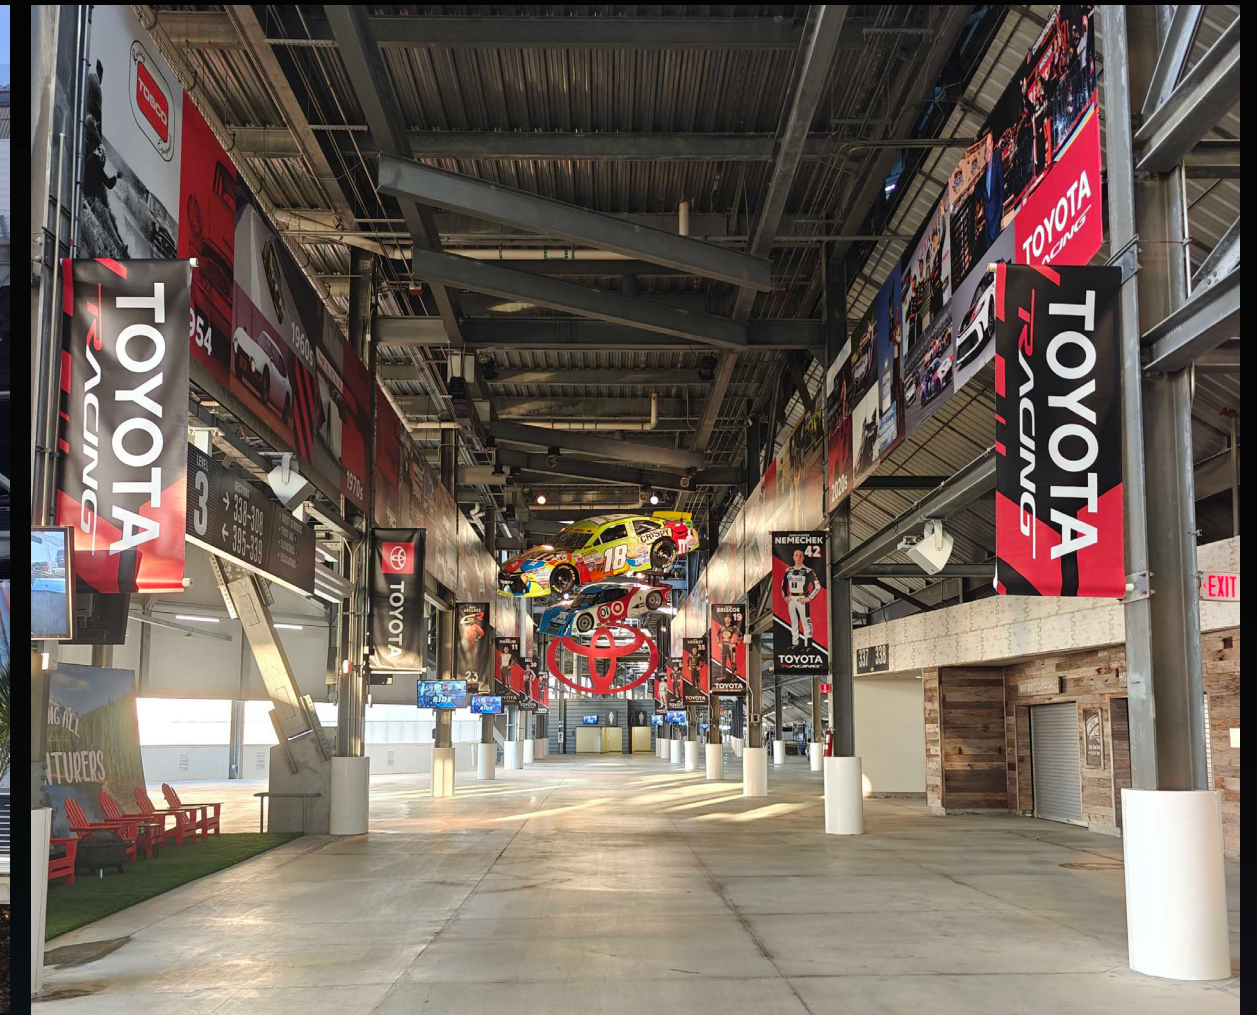

Built to Scale

From single locations to multi site rollouts, executed with consistency every time.

📍 Multi location rollouts

📈 High volume production

✅ Consistent execution

Color Accuracy. Controlled.

Precise color matching across every project.
No surprises. No color shifts.

- ✔ Multi-location consistency
- ✔ Proof-to-production accuracy
- ✔ Reliable, repeatable results

Advanced Print Systems

Built for speed, precision, and high volume production.

EFI VUTEK GS3250LX Pro

Rigid + roll printing in one system.

- Prints on rigid materials like acrylic, foam, aluminum, and PVC
- Also handles flexible materials like vinyl and banner
- Great for layered prints, white ink, and premium finishes

Used for: signage, displays, dimensional graphics, custom builds

EFI VUTEK 5r+

Built for large-scale, high-volume printing.

- Prints super wide graphics (billboards, building wraps)
- Fast output for large campaigns and rollouts
- Consistent color across long runs and multiple locations

Used for: billboards, building wraps, nationwide campaigns

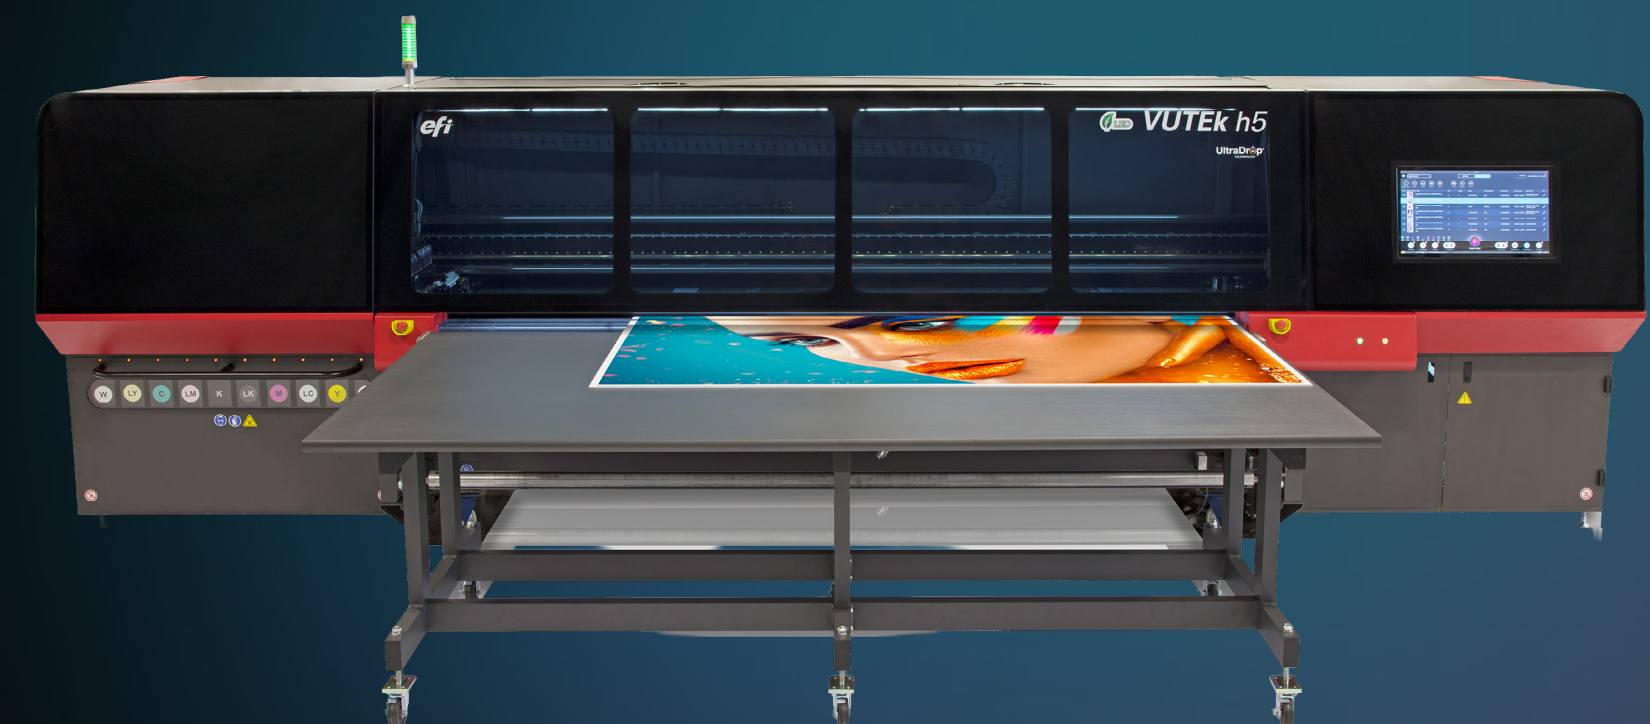

EFI VUTEK h5

High-quality printing across rigid and flexible materials.

- Combines precision detail with production speed
- Works across multiple substrates in one workflow
- Reliable for both short runs and large jobs

Used for: retail graphics, signage, branded environments

Advanced Print Systems

Built for speed, precision, and high volume production.

Canon Colorado M Series

Fast, clean, and consistent roll-to-roll printing.

- Prints on rigid materials like acrylic, foam, aluminum, and PVC
- Also handles flexible materials like vinyl and banner
- Great for layered prints, white ink, and premium finishes

Used for: window graphics, banners, posters, retail rollouts

EFI VUTEk FabriVU 340i

Fabric printing for soft signage and environments.

- Direct print to fabric with vibrant color
- Ideal for lightweight, seamless graphics
- Soft signage that travels and installs easily

Used for: backlit displays, exhibit graphics, flags, fabric walls

Zund G3 3XL-3200 Cutter

Precision cutting for custom shapes and materials.

- Cuts rigid and flexible materials with extreme accuracy
- Handles acrylic, PVC, foam, aluminum, vinyl, and more
- Allows for custom shapes, lettering, and dimensional pieces

Used for: custom signage, displays, routed graphics, 3D elements

Trusted by Leading Brands

Proven execution across national brands, large scale environments, and high visibility projects.
